

Rental Plan

Bridge of Harmony believes that everyone should have a chance to make music and school bands and orchestras are excellent starting places.

We have the quality and pricing that makes it possible for your child to get excited and succeed at his or her instrument. However, no matter how often your child practices or how qualified the instructor is, if the instrument isn't a name brand quality instrument, the likelihood of success is marginal.

PROGRAMS:

We have instruments to fit every budget. You can rent month-by-month with no obligation to buy.

Parents ask: "What if my kid really sucks?" or "We can't stand that damn squeaking all the time, do you sell ear plugs?"

Bridge of Harmony says: "Tough it out for a couple of months, you wimp — you'll be glad you did!"

PAYMENT:

100% of your Rental Payment will apply to the purchase price should you decide to buy.

RESPONSIBILITIES:

Keep the instrument clean and in good working condition. This will help make the instrument a joy to play. Bridge of Harmony has a complete repair shop and will cover most instrument repairs due to accidents. Also, many maintenance-related problems can be addressed in the same day.

NOTE TO PARENTS:
